Tour Suitability

- ✎ On this tour we avoid about 10 days of driving by catching a series of domestic flights. On these occasions you will need to transport your luggage through the airport terminals, to and from the coach.
- ✎ In the Lofoten Islands you will be staying in marvellous Heritage cabins spread out like a small fisherman's village. The roadway is good but not paved, and hotel portage is not included. The maximum distance you will need to wheel your luggage is about 100 metres.
- ✎ In the Lofoten Islands we have included an incredible RIB (Rigid Inflatable Boat) ride out to the maelstrom. This will obviously not operate if the weather or seas are not good. Nevertheless, if you have back problems (or similar) you may need to consider your options. This will be weather dependent, so please consult your Tour Manager on the day.
- ✎ If you choose to replace the easy fjord cruise and instead take on the Pulpit Rock hike, then you must have a good level of fitness. Allow 2 hours walk in each direction over very uneven ground, and up and down stone steps.
- ✎ Please note it is essential you pack waterproof footwear, gloves and hat for RIB boat excursion in the Lofoten Islands.
- ✎ Aqua Lofoten recommend normal shoes, that keep you warm for the RIB excursion. Hiking boots that are Waterproof are ideal. They do not recommend the use of aqua shoes.
- ✎ The baggage for the internal flights on this tour include 1 piece of hand luggage (max 7kg/55x40x20cm) and 1 piece of checked-in luggage (max 23kgs). Any excess baggage is to be paid locally per flight by the traveller directly and is subject to the carriage conditions of the airline. Albatross Tours is not liable for any additional luggage costs incurred while travelling.
